

**MASTERCLASS REGISTRATION FORM**  
**2009 AGEHR Area II Inc. FESTIVAL CONFERENCE**

Area II proudly presents the tenth Masterclass for **advanced** ringers (able to ring Level 5-6 music). Lee Afdahl will direct the six sequential sessions. You must plan to attend all sessions. This is an opportunity to learn ringing skills and musicality from a master teacher.

Participation in the class and bell assignments will be on a first come, first served basis. You must purchase your own music which should be rehearsed prior to the Conference so that class time can be spent on interpretation and techniques and not on notes and rhythms. You will receive confirmation of your bell assignment after you register.

All participants should bring music, gloves, mallets, and a music folder or stand. Participating in Masterclass will limit the number of other elective classes available. You may participate in the Bronze Ringing Level as well as Masterclass.

Music chosen for the Masterclass this year: All Time and Space – Kathleen Wissinger – GIA, G-7161  
Carillon – Fred Gramann – Jeffers, JH S9200  
How Lovely is Thy Dwelling Place – Afdahl – AG37003  
Prelude, Gershwin – William Mathis – CGB440  
The March of the Kings – Bizet, V. Stephenson – CGB417
